Dear Mr. Tagomori:

Application for a Stream Channel Alteration Permit
Kuiaha Stream
Makawao, Maui

In response to your request of September 19, 1989 (SCAP-MA-51), we have briefly reviewed the information provided for the Stream Channel Alteration Permit for Kuiaha Stream, Makawao, Maui. It is our understanding from the permit application materials that no additional diversion of the water in Kuiaha Stream is proposed and that all the proposed work will be confined to a replacement of existing facilities or installation of culverts without attendant stream flow modifications. If this is correct, then we would not anticipate any significant environmental repercussions from the proposed action.

We appreciate the opportunity to review and comment on this application.

Yours truly,

Jacquelin Miller
Associate Environmental Coordinator
